

## Certified Chiropractic Sports Practitioner (CCSP)

Chiropractic medicine for sports injuries is well established and often allows for treatment to injuries without the need for prescription drugs.

Participation in school athletic programs, fitness programs or even Wednesday night bowling league can lead to a sports injury.

Dr. Miller's understanding of the training and range-of-motion activities used in organized sport, opens a variety of treatment options for sports injury patients.

Dr. Miller received and maintains her CCSP through Logan Chiropractic College.
